

Rise Up New Hampshire Newsettter 9/27/21

Therese Byrne will join us for [our chat today at 1PM](#) to share her harrowing story of environmental poisoning and her subsequent down-the-rabbit-hole research. Here is her introduction in her own words:

After getting poisoned by sprayed pesticides and ending up in the hospital, I was threatened by a member our government for reporting what happened. I started doing my own research as to what was being sprayed. What I found went way beyond anything I could have imagined: events going back several decades, all orchestrated by a few companies again and again. I tried to tell people about what was happening. They all thought I was crazy. And then the pandemic happened, and I found things that most people are not aware of, even now. Things that happened in the past, things that are happening, and will happen again. From mass fish die-offs to wildfires to outbreaks of addiction and disease -- here is the string that ties it all together. Everyone needs to know what I have discovered, because this affects every living organism on Earth.

Therese Byrne is a licensed acupuncturist and massage therapist.

MORE UPCOMING PROTESTS

Please come and be part of the weekly Keene demonstration of our mass awakening and to stand for freedom and sanity.

From RebuildNH:

Executive Council Protest - Wed, Sept 29 @ 7:30AM

We need to send a LOUD message to the Executive Council that we DO NOT WANT federal

grants with strings attached and 13 new vaccine propaganda bureaucrats. The federal puppet masters want to strip us of local control and force us to **"comply with existing and/or future directives and guidance from the [federal HHS] Secretary regarding control of the spread of COVID-19"** (language actually in the grant!).

No amount of money is worth giving the feds this control over NH citizens! We put enough pressure to get EC and fiscal committee to lay these on the table – time to put the nail in the coffin on this federal overreach.

What: Executive Council Meeting protest

When: Wed, Sept 29 @ 7:30-8:30AM

Where: Saint Anselm Institute of Politics, 100 Saint Anselm Drive, Manchester

Also: [EMAIL the EC](#) and tell them to vote NO on #9B and #9D >> Joseph.Kenney@nh.gov, David.K.Wheeler@nh.gov, Cinde.Warmington@nh.gov, Ted.Gatsas@nh.gov, Janet.L.Stevens@nh.gov

Protect our Military Against Mandatory Vaccinations

Army Lieutenant Colonel Theresa Long M.D., who is the head Flight Surgeon at Fort Rucker

and is responsible for health safety of Army air crews, made a halting declaration; in her expert opinion, all military flight crew who have received any of the biologic products (vaccines) should be grounded from flying until an MRI screening of their cardiovascular system is performed in order to rule out these life-threatening adverse reactions to the shots. Read what Dr. Simone Gold of America's Frontline Doctors says about these cases [here](#) or listen/watch [here](#).

Read LTC Theresa Long's Affidavit [here](#). Here's is a small excerpt from it:

39. The subject matter of this Motion for a Preliminary Injunction and its devastating effects on members of the military compel me to conclude and conduct accordingly as follows:

- a) None of the ordered Emergency Use Covid 19 vaccines can or will provide better immunity than an infection-recovered person;*
- b) All three of the EUA Covid 19 vaccines (Comirnaty is not available), in the age group and fitness level of my patients, are more risky, harmful and dangerous than having no vaccine at all, whether a person is Covid recovered or facing a Covid 19 infection;*
- c) Direct evidence exists and suggests that all persons who have received a Covid 19 Vaccine are damaged in their cardiovascular system in an irreparable and irrevocable manner;*
- d) Due to the Spike protein production that is engineered into the user's genome, each such recipient of the Covid 19 Vaccines already has micro clots in their cardiovascular system that present a danger to their health and safety;*
- e) That such micro clots over time will become bigger clots by the very nature of the shape and composition of the Spike proteins being produced and said proteins are found throughout the user's body, including the brain;*
- f) That at the initial stage this damage can only be discovered by a biopsy or Magnetic Resonance Image ("MRI") scan;*
- g) That due to the fact that there is no functional myocardial screening currently being conducted, it is my professional opinion that substantial foreseen risks currently exist, which require proper screening of all flight crews.*
- h) That, by virtue of their occupations, said flight crews present extraordinary risks to themselves and others given the equipment they operate, munitions carried thereon and areas of operation in close proximity to populated areas.*
- i) That, without any current screening procedures in place, including any Aero Message (flight surgeon notice) relating to this demonstrable and identifiable risk, I must and will therefore ground all active flight personnel who received the vaccinations until such time as the causation of these serious systemic health risks can be more fully and adequately assessed.*
- j) That, based on the DOD's own protocols and studies, the only two valuable methodologies to adequately assess this risk are through MRI imaging or cardio biopsy which must be carried-out.*
- k) That, in accordance with the foregoing, I hereby recommend to the Secretary of Defense*

that all pilots, crew and flight personnel in the military service who required hospitalization from injection or received any Covid 19 vaccination be grounded similarly for further dispositive assessment.

l) That this Court should grant an immediate injunction to stop the further harm to all military personnel to protect the health and safety of our active duty, reservists and National Guard troops.
