### Further Reportage on Sununu's Arrests Without Cause

*Sent to us by John S, one of "The Nine"*

Here's a great interview with 5 of the 9 dangerous criminals that were arrested on Wednesday, and one, Kelley Potenza, who was supposed to have been arrested as she was a definite target, but she wasn't arrested because they mistakingly (with all the pre-meditated planning to arrest their major targets, how could they even screw that up so badly???) picked up the 70 year old lady sitting next to Kelley. Now that's guilt by association or proximity!!! So that explains why the 70 year old lady resisted arrest so vehemently and had to be taken out kicking and screaming that day!!! The Swamp is deep in NH, but hopefully we'll expose these Swamp Creatures for what they are, and (peacefully) rout them out someday!!!

#### [The Government Vs. The People NH Citizens Placed Under False Arrest](#)

And here's a post that the NH state police posted on their Facebook page about our arrests. Look at all the comments they got under their post that rightly excoriated their criminal behavior that day. The people are almost all, probably 99% of them, on the side of freedom, not the police state tactics the police exhibited on Wednesday in cahoots with, and under the criminal directions of "Boss Hogg."

And checkout [this article on GraniteGrok](#) and the excellent comments under it. Methinks the governor is the one who actually ordered the pre-meditated false arrests to start, not the state

police, although whoever was in charge of the Praetorian Guard had to have been in criminal cahoots with our criminal in chief "Boss Hogg" emperor Sununu.
