

Hi RUNHAdmin1114,

Postponed Hearings on Bills

Quick update from ReBuildNH (see more info on this week's bills below)

House Office Postpones Three Public Hearings, Expects Massive Crowds!

First off, let's prove them right! The House has postponed public hearings on three RebuildNH core bills because they expect large crowds to testify in favor of them. Public hearings for HB 1431 on parental rights and HB 1131 and HB 1371 to limit masking in schools have been postponed to a date yet to be determined. We will let you know as soon as we know when and where these hearings are rescheduled for.

In the meantime, please email the committees and your own representatives with your support for these three bills. It is essential that the Legislature step in and fulfill its primary role to protect the individual rights of its citizens, and these bills will all accomplish that end.

[House Committee of Children and Family Law](#)

UNSCHEDULED – SUPPORT – [HB 1431](#), establishing the parental bill of rights. With masking at schools against parents wishes, the overactivity of DHHS, recently in the case of JR Hoell, and other state encroachment into parental rights in other examples too numerous to cite, it is high time that the People's Legislature create legal barriers to this state encroachment.

[House Committee on Education](#)

UNSCHEDULED – SUPPORT – [HB 1131](#), relative to facial covering policies for schools. This bill prohibits schools, whether public or private, from creating policies that force

students or members of the public to wear masks. [Email the committee.](#)

UNSCHEDULED – [HB 1371](#), relative to school district policies on facial masks of students in schools. This bill leaves the choice of whether to wear a mask up to parents and students and prohibits bullying that encourages mask wearing. [Email the committee.](#)

2:30 p.m. – SUPPORT – [HB 1377](#), relative to unemployment benefits for employees terminated for refusing to comply with a vaccine mandate. RUNH Podcast: Dissolution and Re-formation

In this second episode of ***Paradigms Lost and Found***, Frank Natoli and John-Michael have an off-the-cuff conversation addressing, among various topics, the ongoing self-destruction of "money=authority," "power=truth," and other long-lived paradigms, and how individuals and communities can work towards sanity and resilience.
