

## Newsletter 2/13/22

The pushback against the mandates is ratcheting up again with the Freedom Convoys popping up all over the globe (and deep state reactions to the same) and now with the Indict Fauci campaign (see below). Anyone left on the sidelines...?

### Tell Your County Prosecutor: Indict Fauci & Gang

The Constitutional Law Group is organizing a **national day of action tomorrow (2/14, 3PM)** with the aim of having citizens like us deliver a **Proposed Indictment** document to our county prosecutor,s along with Dr. David Martin's 200-page Fauci Dossier. The dossier contains much of the core evidence that any prosecutor could need to indict a number of bad actors including Fauci. Please check out <https://www.constitutionallawgroup.us> for details.

**Johanna Laurie will be organizing the Cheshire County Action.** From Johanna:

Those interested in joining the indictment action on February 14th should meet me at Bank of America (20 Central Square, Keene) at 2:30 pm to get our petitions notarized and then proceed together to the County Courthouse (about 100 yards away) to present the criminal complaints and the Fauci Dossier to the County Prosecutor.

**You can download the indictment form (for notarization) [here](#).**

**CALL TO ACTION: No COVID vaxx requirements for kids via**

## DHHS rules

Please email the committee in support of HB 1379. This bill would remove the ability for DHHS to add vaccines to the school schedule. That means that DHHS could not add a COVID vaxx requirement for your children just through their rulemaking power. Future changes to the vaxx schedule would have to be done by the People's representatives via the legislature.

✉ Email the committee: [HHSEA@leg.state.nh.us](mailto:HHSEA@leg.state.nh.us)

📅 Attend the hearing: Monday, February 14th @ 10:45 am

Must be a confusing moment for Noam Chomsky. After endorsing what surely seemed like a scientific/collectivist position on public health, a workers rebellion erupts across the democratic west, but on the center right—championing individual liberty and science free from corruption
