Is there any consistent signal that indicates the immunocompromised are more protected from respiratory disease when people around them wear masks? Because I'm not seeing it. Using them as a justification for masks seems careless, manipulative and gives a false sense of security

**Sun. Mar. 20, 2-4 PM**

**with Celeste Longacre**

**Country Life Restaurant, 15 Roxbury, Keene**

**\$20**

Celeste will share over 120 color pictures designed to provide insights and how-to information on soil preparation, planting, weeding, thinning and harvesting, this gives participants the tools that they need to plant and maintain a garden. Pictures are more specific than just words. Participants will learn:

- \*How to select a site for a garden.
- \*The proper way to plan a garden.
- \*Soil preparation particulars.
- \*How to plant seeds and transplants.
- \*The importance of thinning.
- \*How to stake tomatoes & other plants.
- \*Companion planting to aid in deterring bugs.
- \*Tricks to keep specific plants happy.
- \*How to extend the season with coverings.
- \*And more!

Celeste Longacre is the author of "[Celeste's Garden Delights](#)." She is also an accomplished gardener who has been growing most of her family's vegetables for over 40 years.

*You may pay at the door, but please pre-register with [peggy@countryliferestaurant.com](mailto:peggy@countryliferestaurant.com) so we can get a head count.*
