## Legislation this week

Please see the bottom of this email where we append RebuildNH's email notice on the large number of bills under consideration this week.

LAST WEEK: Defense of Freedom Bill Headed to Governor's Desk, House Passed Three RebuildNH Bills

*From RebuildNH:*

In the largest victory for RebuildNH to date, RebuildNH supported bill [HB 440](#) as

amended by the Senate **received an unanimous concur vote** from the House and is now **headed to the governor's desk!** [The bill has been adopted by both the House and Senate!](#) You may [email the governor](#) and ask him to either sign HB 440 or allow it to become law without his signature. [HB 440](#) **protects religious and civil liberties during a state of emergency**. While this bill should never have been needed, it became obvious that these rights were violated during the COVID-19 state of emergency and this bill is a massive win in protecting natural rights from government infringement during a state of emergency.

Three other RebuildNH supported bills passed the House last week and are now headed for the Senate. Please celebrate the successful passage of these bills:

[HB 1003](#), prohibiting health care providers from refusing to provide care or services based on patient vaccination status. This bill is very much needed to protect unvaccinated citizens from being treated as second-class citizens.

[HB 1099](#), prohibiting the department of health and human services from requiring vaccine passports for services. While this bill could be broader to prohibit discriminatory vaccine passports across the board, it is a start to prohibit the State from getting involved in promoting them.

[HB1466](#): Many health providers will not consider prescribing safe, effective drugs (like ivermectin) for the treatment of COVID-19 because they fear disciplinary action by licensing boards. This bill would protect doctors from disciplinary action for prescribing approved, off-label medication.

---

## EVENTS

### Every Wednesday

RiseUpNH lunch at Country Life Restaurant, 12-2PM-ish, Roxbury St off the Square in Keene. No agenda, just good times and lots of informational info sharing and networking.

**Temple NH:**

**GUNSHOT WOUND & TRAUMA FIRST-AID**

**INCLUDES DETAILED MODULES ON:**

- Safety & Security Considerations
- Treatment of Massive Hemorrhaging
- Treatment of Airway Obstructions
- Treatment of a Tension Pneumothorax
- Tourniquet Staging & Use
- Hemostatic Agents & Antihemorrhagics
- Evisceration Injuries
- What Your IFAK Should Contain

 **CRITICAL DYNAMICS**

**FRIDAY, MARCH 18TH**  
**4:00 PM - 8:00 PM**

 **The Root Café**

ModestMan Meetup, Keene, Saturday March 19, 6PM

100 Main St. All welcome. <https://modestmanbrewing.com/>

## How to Have a Totally Organic Garden

**Sun. Mar. 20, 2-4 PM, \$20**

**with Celeste Longacre**

**Country Life Restaurant, 15 Roxbury, Keene**

Celeste Longacre is the author of "[Celeste's Garden Delights](#)." She is also an accomplished gardener who has been growing most of her family's vegetables for over 40 years.

*You may pay at the door, but please pre-register with [peggy@countryliferestaurant.com](mailto:peggy@countryliferestaurant.com) so we can get a head count.*

# ARE YOU PREPARED?

## HOME AND MEDICAL PREPAREDNESS WORKSHOP

March 26, 2022 12-3:30PM | Londonderry NH Baptist Church, 368 Mammoth Road

 <p>Learn about back up water and electric sources</p> <p>What should be in your health, first aid kit and bug out bag</p>	 <p>Register on-line or pay at the door.</p>	<p>What to stock up on and how to store for longevity</p> <p>Meet the speakers and network</p>	
---	--	--	---

## Hyperbaric Fitness RUNH group session

Sunday 1 pm. March 27th.

Please call to make your own reservation. Space is limited.

603 460-5683

## Becoming a Resilient Community with Nonviolent Communication

**Saturday April 2, 1-3PM, Country Life Restaurant, Keene**

*with Kristen Reynolds*

Community and relationships takes communication. Most of us don't learn much in the way of communication skills growing up, because our society has an idea that communication is natural and instinctive. Our *desire* to communicate *is* instinctive, but the ability to do it well is

not. Nonviolent Communication, founded by Marshall Rosenberg, is one of the best communication skill sets I know. With its help I've improved all my relationships and have helped groups stay together. I'd love to share it with this group, especially during this time of great stress and change.

**Cost: \$10-\$20 sliding scale. Pre-register with Kristen at [kreynolds3000@gmail.com](mailto:kreynolds3000@gmail.com).**

## Celebrating Michael Walsh April 9 (RSVP)

A celebration of Michael's life will take place on Saturday, April 9th at 10:00 a.m. at Christian Life Fellowship Church, 211 Whitcomb Rd, Swanzey, NH. A graveside service with military honors will follow at Mountain View Cemetery in Troy, NH. The family will host a luncheon in Michael's honor at The Pub Restaurant, 131 Winchester St, Keene, NH, at approximately 1:00 p.m. Flowers will be gladly accepted. Donations to the MJW Memorial Fund can be made online at <https://tinyurl.com/4vh5af6y> or mailed to PO Box 31, N. Woodstock, NH, 03262. **Please respond to Justin Walsh, [jwalsh9521@gmail.com](mailto:jwalsh9521@gmail.com), with your intention to attend the lunch, so he can have a head count.**

# April 16 Save the Date: A Musical Community Revival

**Saturday April 16, Swanzey Community Center, 3-9PM**

A Rise Up NH fundraising event and all-around good time with numerous performers, dancing, superfood snacks, and more. Details coming soon.

---

**Sen. Johnson Joins Sen. Lee, Colleagues to Introduce Bill to Help Victims of Vaccine Adverse Reaction**

March 11, 2022    

---

**WASHINGTON** – This week, U.S. Sen. Ron Johnson, along with U.S. Sen. Mike Lee (R-Utah), U.S. Sen. Cindy Hyde-Smith (R-Miss.), and U.S. Sen. Mike Braun (R-Ind.) introduced the Countermeasure Injury Compensation Amendment Act to provide assistance to those who have suffered adverse reactions from the COVID-19 vaccines. Current law provides redress measures for patients who have suffered adverse reactions to vaccines and other countermeasures used to promote public health. Unfortunately, the thousands of patients who have sought relief for adverse effects of the COVID-19 vaccines have not received compensation under the existing framework.

The bill would amend the Countermeasure Injury Compensation Act (CICP) to improve responsiveness, create a commission to examine the injuries directly caused as a result of COVID-19 countermeasures, and allow those whose claims have been previously rejected to resubmit claims for new consideration.

Sen. Johnson has been a leading advocate since the beginning of the pandemic for early treatment, healthcare freedom, and individuals who have experienced adverse reactions to the COVID-19 vaccine. In June 2021, he held a [press conference](#) in Milwaukee with vaccine injured from Wisconsin and around the country. In November 2021, he held a roundtable with vaccine injured and medical experts entitled “[Sen. Johnson Expert Panel on Vaccine Mandates](#).” In January 2022, he held a discussion with doctors and medical experts entitled “[COVID-19: A Second Opinion](#).” The senator held two Senate Homeland Security and Governmental Affairs hearings on early treatment in [November](#) and [December](#) of 2020. He has also written dozens of oversight letters to our federal health agencies pressing for transparency and accountability regarding the administration’s unsuccessful and harmful COVID-19 policies. He will continue to advocate for the vaccine injured so their stories can be seen, heard and believed in order to get the treatment they need.

Brianne Dressen, a participant in Sen. Johnson’s panels and a Utah mother who experienced a serious adverse reaction as a participant in a COVID-19 vaccine clinical trial, said of the bill, “What would this bill mean? It would mean those who are suffering adverse reactions will no longer have to decide between putting the bread on the table or picking up that critical prescription from the pharmacy or paying rent vs going to the doctor. For those of us waiting for critical compensation, this bill very well could be the difference between healing, and suffering and declining.”

The full text of the bill can be found [here](#).

Soy-free organic laying hens for sale

\$35 each. 9 available Location: Acworth

Last year I bought 12 cute chicks to add to my organic flock, but I was apparently overly optimistic about being able to sell eggs. I am now inundated with eggs and have decided the best solution is to sell some of my newly-laying pullets/hens. The chickens are about 9 months old. They are black australorps. They have been fed organic feed since the beginning. I feed Green Mountain soy-free organic layer pellets and fermented organic grains with free choice oyster shells and kelp. Perfect for someone who wants their own eggs, but doesn't want to wait 5-6 months for baby chicks to start laying eggs or for anyone wanting to be more in control of their food supply. <https://nh.craigslist.org/grd/d/south-acworth-laying-hens-chickens/7457092296.html>

I also have a friendly aracauna-mix rooster that could go along for \$20 if you want fertile eggs.

## From RebuildNH: WE NEED YOUR HELP!

Calls and Emails Needed

House Plans Marathon Session to Vote On Most of Our Bills;  
Senate Plans to Make Two Bad Decisions!

**TAKE ACTION BY CONTACTING YOUR REPRESENTATIVES ON THESE HOUSE BILLS  
UP FOR VOTE THIS WEEK:**

## KEY

OTP = Ought to Pass

OTP-A = Ought to Pass with Amendment

ITL = Inexpedient to Legislate (If “Yea” wins, bill is killed)

Interim Study = A polite way to kill a bill.

**SUPPORT OTP-A – [HB 1131](#)**, relative to facial covering policies for schools. This bill prohibits public schools from creating policies that force students or members of the public to wear masks.

**SUPPORT OTP:** [HB 1241](#), prohibiting a school district from mandating a COVID-19 vaccination for school attendance. This bill's title says it all, and it's a good idea.

**SUPPORT OTP-A:** [HB 1022](#), permitting pharmacists to dispense the drug ivermectin by means of a standing order. This would make ivermectin over-the-counter medicine in New Hampshire.

**SUPPORT OTP-A:** [HB 1379](#), relative to the department of health and human services' rule-making authority regarding immunization requirements. This bill would remove authority from the Executive Department of Health and Human Services to determine what vaccines children must receive to go to school, and restore the Legislature's sole authority as the lawmaking branch of government to determine what vaccines ought to be required (religious and medical exemptions in other laws would still apply).

**SUPPORT OPT:** [HB 1455](#), relative to state enforcement of federal vaccination mandates. This is the Speaker of the House's bill to prohibit state officials from enforcing federal COVID-19 mandates.

**SUPPORT ITL:** [HB 1481](#), repealing the statute relative to medical freedom in immunizations. Here's another from [Progressive Rep. Tim Horrigan](#), who apparently thinks the government ought to be able to force you to take a vaccine. On efforts like this, it's not just the bill that needs to be defeated; we need to take special note of the sponsors and make sure they lose the power of elected office come next election. In America, we don't force people to inject untested liquids into themselves.

**SUPPORT OTP:** [HB 1425](#), relative to the taking of real property by eminent domain. This bill would require the government to compensate a private property owner for any property

taken during a state of emergency for public purposes, and it would provide other protections so eminent domain cannot be abused.

**SUPPORT OTP-A:** [HB 1210](#), relative to exemptions from vaccine mandates. Originally, the bill would have created a broad religious, conscientious or medical exemption to vaccine mandates. With the amendment, the bill now only allows for a simple, streamlined exemption process (still medical, religious, and conscience) for businesses that receive any money from the state or federal government.

Please contact the following representatives who will need your pressure to support our positions:

## List of Republican Representatives Who Have Not Been Supporting Our Efforts

### **Emails Listed For Ease of Copying**

**TAKE ACTION BY CONTACTING YOUR SENATORS ON THESE HOUSE BILLS UP FOR VOTE THIS WEEK:**

### **KEY**

OTP = Ought to Pass

OTP-A = Ought to Pass with Amendment

ITL = Inexpedient to Legislate (If “Yea” wins, bill is killed)

Interim Study = A polite way to kill a bill.

**REMOVE FROM CONSENT, OPPOSE OTP, SUPPORT ITL:** [SB 382](#), relative to licensure requirements for telehealth services. Apparently Senators have been convinced by their lobbyists to support this bill, and that is a serious problem. They need to listen to YOU and kill this bill! **This bill is EVIL!** This bill would prohibit telemedicine from any practitioner not licensed in New Hampshire, which would cut-off effective COVID treatments from people who have been receiving them from out-of-state telemedicine doctors. The N.H. Legislature does not have the authority to regulated interstate commerce, because this power is delegated to the U.S. Congress in the U.S. Constitution, and thus we believe this bill is unconstitutional! This bill needs to die.

**OPPOSE INTERIM STUDY, SUPPORT OTP:** [SB 374](#), relative to the SARS-CoV-2 vaccinations. Three cheers to the Senators who crafted this legislation; this one gets it right! This Senate bill would prohibit vaccine mandates, and it would do so quite effectively. Let's give the Senate some love and encourage them to support this effort! We need to let them know we care. Please convince Senators that this bill needs to pass into law!

## **OTHER REBUILDNH BILLS THAT ARE UP FOR A VOTE IN THE HOUSE THIS WEEK:**

### **KEY**

OTP = Ought to Pass

OTP-A = Ought to Pass with Amendment

ITL = Inexpedient to Legislate (If “Yea” wins, bill is killed)

Interim Study = A polite way to kill a bill.

If you have the time, please also contact the representatives listed above about these RebuildNH positions:

**SUPPORT OTP, SUPPORT FLOOR AMENDMENT:** HB 1280, prohibiting a parent’s refusal to vaccinate a child pursuant to an order of the state or federal government to be used as a basis for terminating parental rights. **Support OTP. Support floor amendment.**

**SUPPORT OTP-A:** [HB 1431](#), establishing the parental bill of rights. With masking at schools against parents wishes, the overactivity of DHHS, recently in the case of JR Hoell, and other state encroachment into parental rights in other examples too numerous to cite, it is high time that the People’s Legislature create legal barriers to this state encroachment.

**SUPPORT ITL:** [HB 1332](#), excepting public universities and colleges from requirements under medical freedom in immunizations. This bill does the opposite of HB 1233 and essentially allows colleges, universities and the like to discriminate against students who practice medical freedom. Let it die!

**OPPOSE ITL:** [HB 1044](#), relative to policies required for health facilities and special health care service licenses. This is a really important bill and the committee’s recommendation needs to be overturned on the floor. This bill amazingly would carve out an exemption allowing business ventures to create hospitals and other medical facilities that only accept direct payment, which would exempt them from federal COVID regulations and other

potential federal overreach.

**SUPPORT OTP-A:** [HB 1347](#), relative to licensing requirements for health care facilities that operate on a membership-based business model. This bill allows the existence of nursing homes and rehabilitation centers that accept direct payment and exempts them from a requirement to accept insurance and be subject to CMS mandates. This lifts a financial burden for new and existing facilities. This bill fosters competition and innovation in the nursing and rehabilitation facility market and frees it from federal mandates.

**OPPOSE OTP-A:** [HB 1369](#), relative to COVID-19 health and safety policies at New Hampshire performing arts venues. This bill allows performing arts centers to create their own COVID protocols. We believe the state's law prohibiting isolated COVID protocols at government facilities should also apply to quasi-government entities. Kill this bill!

**SUPPORT OTP-A:** [HB 1439](#), relative to hospital visitation policies. This bill allows, with limited exception, a patient to designate a parent, spouse, family member, or other caregiver to be present while the patient receives hospital care. We believe the exceptions should be eliminated from this bill, and would urge you to ask the committee for an amendment to remove them. With the exceptions, hospitals have enough wiggle room to get out of honoring the Legislative intent.

**SUPPORT OTP-A:** HB 1495, relative to vaccine mandates for government contractors. This bill as amended prohibits the state and all the political subdivisions from mandating vaccines for any private business. The purpose of this bill is to prevent us from ever having a NYC style passport system.

**SUPPORT OTP:** [HB 1490](#), relative to equal access to places of public accommodation regardless of vaccination status. This bill would give a person's "vaccination status" or masking choice a protected status in the state's civil rights law.

**SUPPORT OTP-A:** [HB 1268](#), limiting the authority for city council bylaws and ordinances. This bill changes the enabling statute that allows cities and towns to pass "any" ordinance to only allow cities and towns to pass those bylaws and ordinances that the Legislature has empowered them to make. This law is the way New Hampshire has always operated until the pandemic, when various cities and towns abused their authority and passed several unlawful public health laws; for example, ordinances that forced citizens to wear masks.

Citizens should not have to consult a law book when they cross town lines, and this bill would ensure they are protected by uniform laws across the state.

Healthcare

*I cover health care and economics from a free-market perspective.*

Listen to article 4 minutes

As the SARS-CoV-2 virus continues to kill thousands of Americans each week, bioethicist Parker Crutchfield has suggested a [controversial approach to battling the](#)

pandemic — namely a “morality pill.” Specifically, he suggests that widespread administration of psychoactive drugs could provide “moral enhancement” that would make people more likely to adhere to social norms such as wearing masks and adhering to social distancing guidelines.

## **SOMETHING TO THINK ABOUT!**

---

- A cashless society means **no cash. Zero.**
- It doesn't mean mostly cashless and you can still use a 'wee bit of cash here and there'.
- Cashless means fully digital, fully traceable, fully controlled.
- I think those who support a cashless society aren't fully aware of what they're asking for.

### **A CASHLESS SOCIETY MEANS:**

- No more tuck-away cash for those preparing to leave domestic violence.
- No more purchases off marketplace unless you want to risk bank transfer fraud.
- No more garage sales.
- No more cash donations to hungry homeless you pass.
- No more cash slipped into the hands of a child from their grandparent.
- No more money in birthday cards.
- No more piggy banks or tooth fairy for your child.
- No more selling bits and pieces from your home that you no longer want/need for a bit of cash in return.
- Less choices of where you purchase based on affordability.

- Less choices of where you purchase based on anonymity.

### **WHAT A CASHLESS SOCIETY DOES GUARANTEE:**

- Banks have full control of every single cent you own.
- Every transaction you make is recorded.
- All your movements and actions are traceable.

All Truckers are Nazis!!!

It's a long story bro

@GRANDOLDMEMES

RiseUpNH sign makes it into the movies:

**THE SEQUEL TO THE FALL OF THE CABAL - PART 13:  
THE GATES FOUNDATION – GETTING RICHER AND  
RICHER AND**
