James Lindsay: The Theology of Marxism

Most people think of Marxism as an economic theory or, perhaps, a social theory. This isn't sufficient. Marxism, strange as it may sound, is a theology, the basis for a religion.

Them: "Critical Race Theory isn't in schools! That's a right-wing conspiracy theory!"

Also them: "We started moving Critical Race Theory into schools in 1994, and it was wildly successful."

Introducing Critical Race Theory into Education

At the 1994 American Educational Research Association annual meeting, Gloria Ladson-Billings, then an associate professor at University of Wisconsin-Madison, and William Tate, an assistant professor at Wisconsin, presented a paper titled "Toward a Critical Race Theory of Education."¹⁶ The space was packed, Ladson-Billings (2013) noted, "standing room only." It was also a crowd in which some members were "hostile to this new theoretical perspective," including, remembered Ladson-Billings, traditional allies within the multicultural education community who seemed troubled by "making race the axis of understanding inequity and injustice" (p. 34). Following the conference, Ladson-Billings and Tate moved to get the article out as quickly as possible. Several months later, in fall 1995, *Teachers College Record (TCR)* published "Toward a Critical Race Theory of Education," the first article in the field of education to take a CRT perspective.¹⁷

Paradigm Expanding

Voyages to Inner and Outer Space - Podcast

In this episode of Paradigms Lost and Found, John-Michael interviews Jim Rodger, a former video producer with much experience in the ET/UFO/UAP realm, and also a teacher of Remote Viewing (scientific clairvoyance, originally developed by the CIA and Stanford Research Institute) and a CE-5 (close encounters of the 5th kind) experiencer. Jim has direct contact experiences going back to childhood, and has led CE-5 explorations. This episode serves as an introduction to Jim's many areas of interest, and addresses the agenda behind the recent congressional hearings on UAPs (unidentified aerial phenomena) -- regardless of whether one believes in the existence of UFOs or not.

The pandemic is to force you to get the vaccine.

The vaccine is to force you to get the vaccine passport.

The vaccine passport is to force you to get the social credit score.

The social credit score is to force you to use the universal digital currency.

The universal digital currency is entirely controlled by the government.

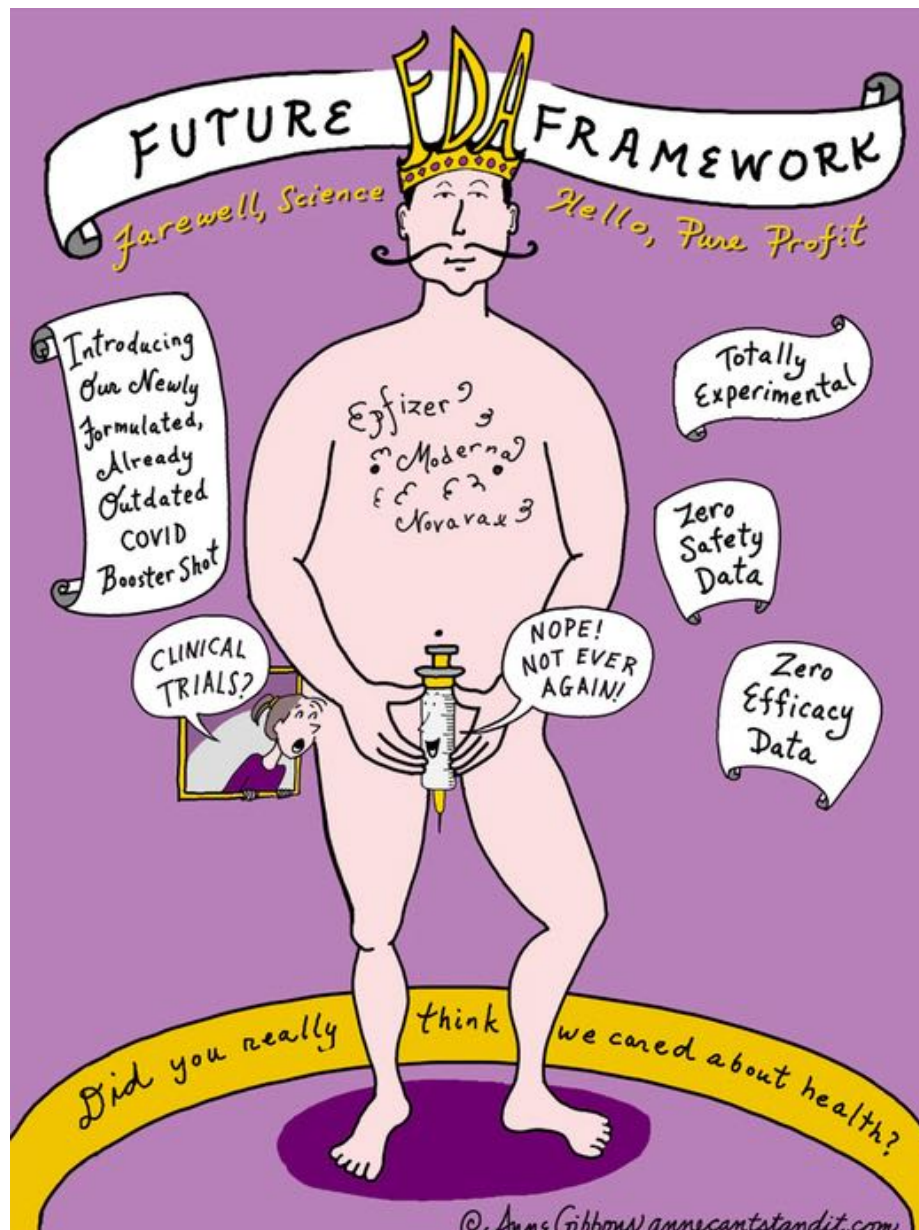

The government can now deny you food, water, medicine, housing and travel...

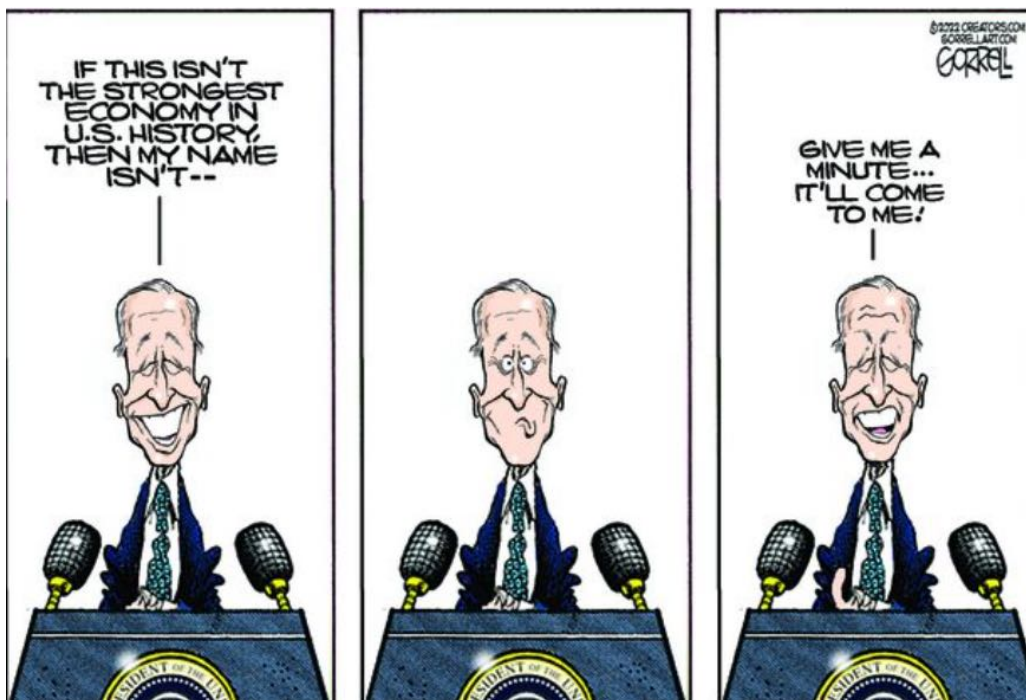

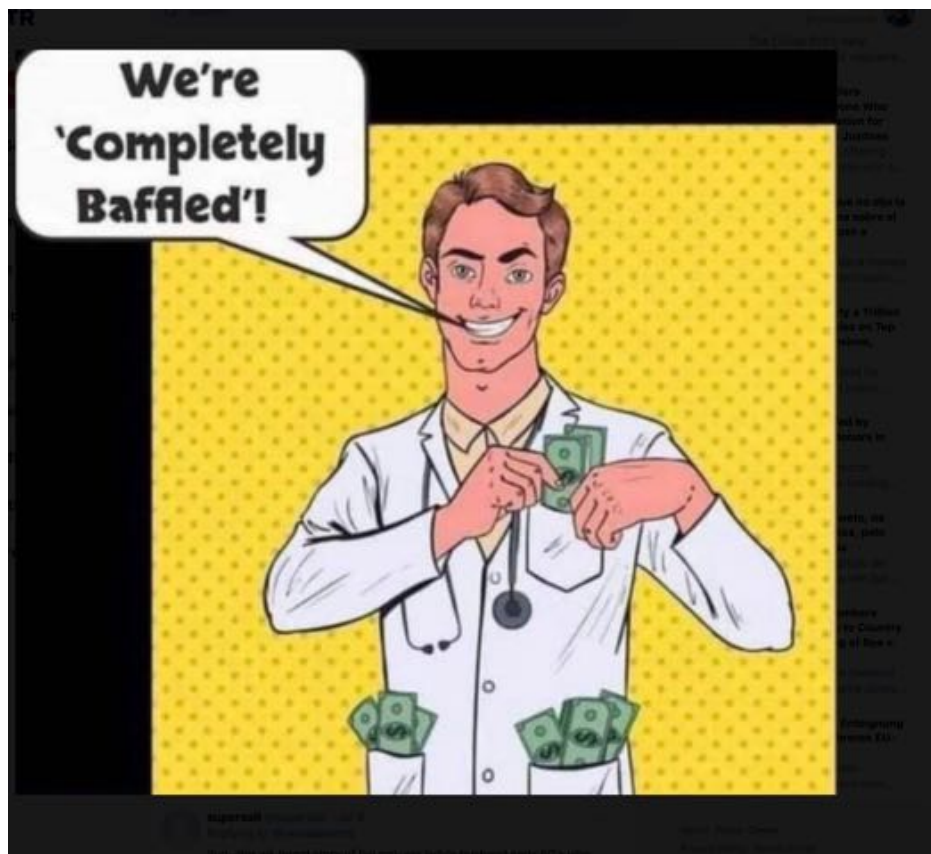

Unless you fully obey.

You are now a digital slave.

Thank you for your voluntary compliance.

Have a nice day.

This is a story about four people named: **Everybody**, **Somebody**, **Anybody** and **Nobody**. There was an important job to be done and **Everybody** was sure that **Somebody** would do it. **Anybody** could have done it, but **Nobody** did it. **Somebody** got angry about that, because it was **Everybody's** job. **Everybody** thought **Anybody** could do it, but **Nobody** realised that **Everybody** wouldn't do it. It ended up that **Everybody** blamed **Somebody** when **Nobody** did what **Anybody** could have done.
