

Newsletter - Friday July 15, 2022

Welcome to our **Friday Edition** with curated news of the day.

NEWS HIGHLIGHTS TODAY: Prime ministers (WEF pawns) across the EU begin to resign as the people continue to revolt amidst the constantly-rebranding WEF Agenda. The flight from the Western Banking system continues as US inflation passes 9%, supply chain disruptions loom and Chinese banks see massive runs; all eyes are now out for "The Crash." Meanwhile in COVID-land, a 'Vaccine-Palooza' is underway even as the evidence for job-induced adverse events continues to mount. On the push for transhumanism: is the LaMDA AI actually self-aware? Now the only question is: *Will Humanity wake up in time?*

Monday's upcoming Zoom: Melanie Neily will talk about **PRENDA and homeschooling** options for folks in the Keene area.

This past Monday, Ukraine native Olga Cannistraro (now living in Keene) offered her **historical perspective on Russia and the Ukraine**. Watch the episode here:

In this episode of Paradigms Lost and Found, John-Michael interviews Jim Rodger, a former video producer with much experience in the ET/UFO/UAP realm, and also a teacher of Remote Viewing (scientific clairvoyance, originally developed by the CIA and Stanford Research Institute) and a CE-5 (close encounters of the 5th kind) experiencer. Jim has directed contact experiences going back to childhood, and has led CE-5 explorations. This episode serves as an introduction to Jim's many areas of interest, and addresses the agenda behind the recent congressional hearings on UAPs (unidentified aerial phenomena) -- regardless of whether one believes in the existence of UFOs or not.
