

### Newsletter - Friday October 28, 2022

Welcome to our **Friday News Edition.** Today's news includes a series of articles about how we got here, from the onset of the Industrial Revolution over a century ago, to the Club of Rome in the 70's, to the total surveillance of the Patriot Act in the 2000s, to the arrival of "Klaus Spectre" and the Great Reset today. RFK Jr, Pam Popper, Whitney Webb and others help us connect the dots. As always, **Memes** are at the bottom.

A few items of note up first:

RFK Jr Exposes the Full Gamut - with Megyn Kelly - Robert F. Kennedy, Jr. on COVID Orthodoxy, Fauci's Legacy, and War in Ukraine - excellent interview that covers almost all the points about the plandemic - 2 hours: https://youtu.be/UKEjftGvrcw

https://childrenshealthdefense.org/child-health-topics/action/demand-public-health-agencies-and-lawmakers-stop-covid-vaccine-mandates/

**NH Child Vax Exemption -** According to New Hampshire RSA 141-C:20-c, children can be exempt from immunization requirements with the completion of New Hampshire Childcare/School Immunization Religious Exemption form:

https://www.dhhs.nh.gov/sites/g/files/ehbemt476/files/documents2/imm-cert-religiousexemption.pdf (note: form does not include COVID vax - suppose you'll have to write it in)

**Watch this past Monday's zoom chat**, an open discussion about EMFs (specifically some developments in Keene NH), the addition of the COVID vax to the national pediatric childhood vaccine schedule, gain-of-function research, lyme disease, the pandemic of poisoning, knowing and sharing what's true, and more.

PLEASE DONATE TODAY to support our efforts. Thank you!

#### **SOVEREIGNTY NOTICE:**

No one is telling you what to think or believe, or even what is true. Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so. In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments. Do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind. Collective sense-making is a path, not a destination.

#### CELEBRATING THE WHOLE CHILD

#### **Help Support Local Student's Singing Tour**

I am going on a singing tour in Spain with my choir, the Cecelia Ensemble in April. In order to go, we have to do fundraising to pay for the tour. One thing I am doing is selling raffle tickets. The tickets are for a chance to go on an all-expenses-paid 3-day weekend trip to either London or Paris, your choice! The brochure with all the information is here:

<a href="https://bit.ly/3Tb9CHi">https://bit.ly/3Tb9CHi</a>. The tickets are \$20. Email artsybobcat2@gmail.com to get a ticket.

The deadline to buy tickets is November 1st (the drawing is November 14). If you are interested, or know anyone who is interested please email back and let me know! I would really appreciate the help.

Thanks,

Cadence, daughter of Brenna (Stoddard)

You must always be willing to truly consider evidence that contradicts your beliefs, and admit the possibility that you may be wrong.

Intelligence isn't knowing everything, it's the ability to challenge everything you know.

Modern medicine must stop seeing the body as simply a series of random chemical reactions to be monitored & manipulated from the outside, & instead recognize that there is an inborn intelligent force behind every action involved in the creation, development, & maintenance of the body, which we must cooperate with in order to restore & maintain health.
