

## Newsletter - Friday October 7, 2022

Welcome to our **Friday Edition** with curated news of the day and **Memes** at the bottom.  
Today we add two new sections: [General Health & Wellness](#) and [Schools & Education](#).

Please join us this coming Monday at 1pm for our **weekly community Zoom chat**, where we will be featuring Jack Shimek, an expert in [emergency radio communication](#). Jack will discuss a number of solutions that groups like ours should consider in a grid-down or other emergency scenario.

[Click for Zoom Monday at 1PM](#)

## You are invited to join VCAL (Voluntary Civic Action League)...

...our **100% exclusive, private, invitation-only social media network for “plandemic-aware” individuals and groups in and around NH**. [Here are 10 things you can do with VCAL:](#)

1. Post an article or activity on your personal feed
2. Create a page to organize your local, regional or statewide group
3. Advertise your group's meetup, or find one to join
4. Share an upcoming event in your group's calendar

5. Publish a listing for a product or service you offer, or one you are looking for
6. Locate other members within a certain radius of your town
7. Share your prepping knowledge or resources
8. Start a discussion group on any topic
9. Message friends and colleagues
10. Share documents and photos

We created VCAL so that individuals and groups would be able to communicate and collaborate without having to use 3, 5 or even more different technology platforms just to stay organized.

**Obvious statement of the day:** The value of the site is proportional to the number of people using it. Let's make VCAL the new virtual town square, for when we cannot meet in person.

*If you have not received an invitation to VCAL, please write to [admin@riseupnh.org](mailto:admin@riseupnh.org) to request one.*

*If you have been on the site before, please come back, join one or more groups or conversations, and help make others welcome. THANK YOU! :-)*

---

On this past Monday's zoom, we spoke with a number of **Cheshire County candidates** including: Joe Mirzoeff, John Schmitt, Tom Savastano, Tony Barton, and Anthony Ferrantello. While Rise Up NH cannot endorse candidates, we are happy to give them a platform to discuss what is important to them as it aligns with our mission of unalienable human rights, especially health freedom. Watch the video and find further candidate info in the chatstream here: <https://riseupnh.org/weekly-zoom/>.

To Victory!

John-Michael and the RiseUpNH team

*Rise Up NH and VCAL are projects of the Collaborative Communities Coalition, a 501(c)(3) nonprofit. We are a diverse non-partisan group focused on education & community resilience.*

**PLEASE DONATE TODAY to support our efforts. Thank you!**

**SOVEREIGNTY NOTICE:**

No one is telling you what to think or believe, or even what is true. Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so. In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments. Do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind. Collective sense-making is a path, not a destination.

# Jab, Health & Plandemic News

### Breaking News: ICAN Obtains CDC V-Safe Data

After 2 lawsuits and months of litigation, ICAN'S legal team, headed by Aaron Siri, has obtained over data from approximately 10 million users of the CDC's v-safe app.

**In short:** 25% of the jabbed had to miss school, work or had bad reactions following their jabs while 7.7% needed immediate medical care. The public is encouraged to review this data by going to ICAN's new v-safe Dashboard, available at <https://www.icandecide.org/v-safe/>.

### **15:3 VOTE - Address Wireless Radiation!**

Sincere gratitude to New Hampshire's House Science, Technology and Energy Committee for continuing to blaze the trail for safe technology! This bi-partisan vote supports the recommendation that further legislation is warranted on wireless radiation exposures:

1. The public should be educated on the pros and cons of radiofrequency radiation exposures.
2. Municipalities should be informed of wireless risks and what they can do legally to protect local communities from cell tower placements.

Legislation will be drafted and introduced for the new legislative session in January!

**Send in a note of thanks to the NH legislators!** Below is the email address for the committee members, as well as bill sponsors Rep. Patrick Abrami, Senator Denise Ricciardi, and Rep. Gary Woods, MD.

## Doctors File First Lawsuit Challenging California Law That Seeks to Punish Physicians for COVID 'Misinformation'

*Plaintiff Dr. Jeff Barke, an Orange County primary care physician and founding member of America's Frontline Doctors: "[This new law] puts patients at risk. Requiring physicians to consider the state's narrative when making a medical decision, is bad medicine and dangerous. Consensus in science only occurs when dissenting opinions are censored."*

"The basic tool for the manipulation of **reality** is the manipulation of words. If you can control the meaning of words, you can control the people who must use the words."

**Philip K Dick**  
American writer

**Pedophilia is not a
