SOVEREIGNTY NOTICE:

No one is telling you what to think or believe, or even what is true. Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so. In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments. Please do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind. Collective sense-making is a path, not a destination.

CELEBRATING THE WHOLE CHILD

A Future of Food Security for All w/ Special Guest Ira Wallace January 10th

The seven chapters of the Northeast Organic Farming Association have been working to develop food security programs and learning opportunities throughout our region. This winter each chapter will be implementing various workshops at our Winter Conferences that discuss topics to build self-resiliency, grow agricultural communities, develop systems for improved

access, increase land access, and reduce climate decline. To kick off our Winter Conference season we have invited the NOFA/Mass Keynote Speaker Ira Wallace, of the Southern Exposure Seed Exchange, to share with us the importance of food security and how seed saving continues to play such an important role in feeding our communities. We hope you will join us for this free, virtual event on January 10 from 12 PM – 1 PM.

Registration will open soon. You can learn more here: <https://www.nofanh.org/kickoff-event>

How does a bill become a law?

Well, you see... we have these things called lobbyists. They work for big corporations and people with a lot of money. When the lobbyist has sufficiently bribed the elected official, a bill is written to benefit the lobbyist's sponsor. If enough votes are purchased, the bill becomes a law.

SCOTTISSE—the soft, pure white, 1000-sheet roll

WALDORF—the soft, popular-priced, cream-colored roll

...I was shocked to find that
harsh toilet tissue was the cause"

"I WAS worried when Mary's teacher told me she was restless in school and couldn't seem to concentrate.

"When I asked Mary what was the matter she complained of an itching. I asked a friend's advice at Mother's Club that afternoon. She said it was probably caused by harsh or impure toilet tissue, and recommended Scott's Tissue.

"So I bought some Scott's Tissue. It looked very pure and soft. In a few days Mary's trouble had entirely disappeared. I was

amazed to find that toilet tissue could cause so much discomfort."

EXPERIENCES LIKE THIS are common. Harsh tissue can cause serious inflammation. Women and girls especially, because of their peculiar requirements, need a soft, highly absorbent tissue—such as Scott's Tissue or Waldorf.

Made to the same standards of purity as absorbent cotton, these famous health tissues cleanse and dry thoroughly, safely. Highly absorbent, they insure at all times an immaculate condition. They are extremely soft—softening to even the most sensitive skin.

Scott's Tissue or Waldorf in your bathroom protects the health of every member of your family. Always keep a supply on hand. Scott Paper Company, Chester, Pennsylvania.
