SOVEREIGNTY NOTICE:

No one is telling you what to think or believe, or even what is true.

Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so.

In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments.

Please do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind.

COLLECTIVE SENSE-MAKING IS A PATH, NOT A DESTINATION.

Why does every publication regarding COVID vaccines need to be accompanied by the phrase "the benefits of COVID vaccines outweigh the risks"

Even when the publication is about deaths.

It's a lie. Yet here are 200 papers saying the same:

"Our culture has accepted two huge lies. The first is that if you disagree with someone's lifestyle, you must fear or hate them. The second is that to love someone means you agree with everything they believe, say or do. Both are nonsense. You don't have to compromise convictions to be compassionate." ~Dave Chappelle
