Welcome to our **Friday News Edition**, with curated stories of the day, and memes at the bottom. **Top theme today: is everything a psyop?** The first item for consideration is this week's Pfizer Scientist revelations by Project Veritas – sure seemed fishy... see the articles in **Up First** below. Then what's this thing with **Damar Hamlin** going everywhere with a covered face? Finally, in our zoom conversation from Monday (see below), we debate the issue of psyops in general in the COVID news arena.

The first meeting of our discussion group has been postponed to Tuesday Jan 31. More info at https://riseupnh.org/relocalization-book-group/

Rise Up NH Weekly Zoom - 1/23/23 – Our Monday conversation featured a personal story about hospital and remdesivir; an introduction to our upcoming relocalization study group; and a pointed debate on whether the alternative media COVID narratives (and their proponents) can be trusted... is everything a psyop? You decide. Watch here: https://www.brighteon.com/cbecd282-ee19-442a-8bdb-719903aebc48.

Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so. In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments. Please do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind.
