A Future of Food Security for All w/ Special Guest Ira Wallace January 10th

The seven chapters of the Northeast Organic Farming Association have been working to develop food security programs and learning opportunities throughout our region. This winter each chapter will be implementing various workshops at our Winter Conferences that discuss topics to build self-resiliency, grow agricultural communities, develop systems for improved access, increase land access, and reduce climate decline. To kick off our Winter Conference season we have invited the NOFA/Mass Keynote Speaker Ira Wallace, of the Southern Exposure Seed Exchange, to share with us the importance of food security and how seed saving continues to play such an important role in feeding our communities.
