Welcome to our **Friday News Edition** with curated news of the day and memes at bottom.

**Please note there will be no newsletter or zoom this coming Monday. Enjoy President's Day.**

Monday's zoom featured Larisa of Health Freedom NH, discussing a number of health freedom bills to be heard in committee on Thursday Feb 16 (all day) - plus a report by Kevin on the recent cell tower setback hearing. HFNH is also sponsoring a Children's Health Defense meeting in Keene on Saturday Feb 18 (see Events section below). We also discuss the rollout of Digital ID and the Total Surveillance State, the coming "fake alien invasion" psyop, the danger of root canals, the censorship of health care providers, and more. **Daniel Horowitz** @RMConservative · Feb 13

Today, the ND House will consider HB 1406. A very simple bill that states the government cannot mandate a shot for which there is no liability and that if the state promotes such a shot, it's only fair they pay for injury. How anyone can oppose this is beyond me

4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

5 **SECTION 1.** A new section to chapter 23-01 of the North Dakota Century Code is created  
6 and enacted as follows:

7 **Vaccine liability.**

8 If the department of health and human services promotes, markets, or advertises any  
9 messenger ribonucleic acid vaccine or any vaccine intended to develop an immune system  
10 response to SARS-CoV-2 and any mutation or viral fragments of SARS-CoV-2 as safe, the  
11 department shall cover the costs of treatment and diagnostics for any individual who suffers any  
12 physical injury due to receiving the vaccine.

13 **SECTION 2.** A new section to chapter 32-12.1 of the North Dakota Century Code is created  
14 and enacted as follows:

15 **Medical liability of government entity.**

16 1. As used in this section, "medical product" means any product used to diagnose or  
17 manage SARS-CoV-2, any mutation or viral fragments of SARS-CoV-2, or a future  
18 disease, including any medical device, treatment, or drug.

19 2. Notwithstanding any other provision of law, a state agency, political subdivision, or any  
20 other governmental entity may not require an individual to take, receive, or disclose  
21 whether the individual has taken or received a medical product unless the  
22 manufacturer of the medical product is liable for any death or serious injury caused by  
23 the medical product.

🚩 Vaccination of livestock animals is not only ALLOWED in "Certified Organic" meat & milk...it's REQUIRED, apparently.

This means every time we buy meat & milk at store, it's been vaxxed multiple times.

(3) Establishment of appropriate housing, pasture conditions, and sanitation practices to minimize the occurrence and spread of diseases and parasites;

(4) Provision of conditions which allow for exercise, freedom of movement, and reduction of stress appropriate to the species;

(5) Performance of physical alterations as needed to promote the animal's welfare and in a manner that minimizes pain and stress; and
