NH Legislation & Political Action

From RebuildNH:

Two Bills Head to the Senate Floor

Plus A Thank You

Thursday, March 16th, N.H. Senate

Senate Floor Vote

SB 58, SUPPORT ITL, relative to arrests without a warrant while in the care of a medical professional on the premises of a residential care or health care facility. This bill lowers the

threshold needed for a warrantless arrest in medical facilities. According to this bill, "actual or threatened violence" can cause warrantless arrest. While we appreciate the real issue regarding workplace violence in medical facilities, we worry reducing the burden of proof needed, could lead to abuse. If a patient refuses to wear a mask, could they be accused of "threatening violence"? Additionally, it has been pointed out that it is inappropriate for a police officer to determine what treatments are medically necessary.

SB 272, SUPPORT OTP, establishing a parental bill of rights in education. There should be no secrets between schools and students.

Please email the senators.

LETS Barter! An experimenting in the Local Exchange and Trading System

The Village Church, Swanzey NH

Direct barter depends on both people having something the other wants and so often doesn't work. Local Exchange Trading Systems allow one to trade with a group by using something to represent the value of the thing wanted and making a trade. In the below cartoon, a piece of paper with 10 on it represents the value of the items wanted. By trading around the piece of paper, everyone gets what they need. At the end of the day, the piece of paper isn't needed anymore. Another way to look at it is that one is trading with a group rather than with an individual.

.@RobertKennedyJr Makes a Striking Case That the Hepatitis B Vaccine Is Largely Responsible for the Autism Epidemic

The CDC put together a team of people to look at children who did and did not receive the Hepatitis B vaccine in their first 30 days of life.

And what they found was an 11-fold increase in autism among the children who received the Hepatitis B vaccine early on.

"So they knew at that moment what was causing the autism epidemic."

I went to a party last night.
Here's how we reduced the [#COVID19](#) risk:

- we all wear masks in public spaces and at work
- we planned well in advance and monitored our health
- we use Enovid
- we met on an outdoor, heated patio and we measured the ventilation
- we put on masks to go inside to use the facilities
- we are all good friends and trust each other

And that's it! It's easy. Not perfect, but reduced risk.

Pothole season is open. Be sure to check the rule book for regulations on your street!

IT DIDN'T START WITH GAS
CHAMBERS. IT STARTED WITH
ONE PARTY CONTROLLING THE
MEDIA. ONE PARTY
CONTROLLING THE MESSAGE.
ONE PARTY DECIDING WHAT IS
TRUTH. ONE PARTY CENSORING
SPEECH AND SILENCING
OPPOSITION. ONE PARTY
DIVIDING CITIZENS INTO "US"
AND "THEM" AND CALLING ON
THEIR SUPPORTERS TO HARASS
"THEM"
IT STARTED WHEN GOOD
PEOPLE TURNED A BLIND EYE
AND LET IT HAPPEN

Let's avoid a hellish dystopian nightmare by remembering the
