## Organic Produce in Acworth

- Garden access will be run as a P. M. A.
- The details are still being worked out and adjustments will be made as necessary, but the newly-established gardens will be planted this spring with a variety of vegetables. Some medicinal herb plant starts will be available as well.
- Initially either “pick your own” or order ahead to have produce ready for pick-up.

### From RebuildNH:

#### Parental Bill of Rights

Plus Floor Votes and SOE Reform

Tuesday, March 7th, N.H. Senate

Education

**LOB, Room 101** ★ **9:00 a.m. – SUPPORT – SB 272**, establishing a parental bill of rights in education. This is one of two bills being heard this week to ensure parents have no secrets between their children and public schools. Please read the bills as they are long and include many details. NOTE: both parental rights bills will be heavily opposed by vocal, far left, extremist groups because they discuss gender and sexual orientation. It is important you email and possibly attend the hearing to counter the narratives.

Children and Family Law

**LOB, Room 206-208** ★ **1:15 p.m. – SUPPORT – HB 10**, establishing the parental bill of rights. This is one of two bills being heard this week to ensure parents have no secrets between their children and public schools. Please read the bills as they are long and include many details. NOTE: both parental rights bills will be heavily opposed by vocal, far left, extremist groups because they discuss gender and sexual orientation. Wednesday, March 8th, N.H. House

ED&A

**LOB, Room 206-208** ★ **10:30 a.m. – SUPPORT – HB 127**, relative to the declaration of a state of emergency. This is the common sense state of emergency reform bill that Governor vetoed last year that simply forces both chambers to agree to extend an emergency after three, 21 day renewals by the governor.

Thursday, March 9th, N.H. House

House Floor Vote

**SUPPORT OTP- HB 154**, relative to the adoption of public health ordinances by a municipality. We have been trying to end town and city mask mandates for years by removing the authority to have a public health ordinance. While those bills have failed, this one attempts change law to require a majority of approval of any public health ordinance by the town legislative body, which is you, The People. This is the ultimate local control bill because it requires a vote by The People.

Please email your reps.

Thursday, March 9th, N.H. Senate

Senate Floor Vote

**SUPPORT ITL- SB 184**, relative to the age at which a minor may receive mental health treatment without parental consent. This bill seeks to allow children as young as 16 years old to receive mental health treatment without parental permission or notification.

OPPOSE Re-Refer, **SUPPORT OTP- SB 253**, relative to parental access to children's medical records. There is currently a push for medical facilities to cut off parental access to their child's medical records at 12 years old. I've personally heard several reports of parents changing practices due to this policy. This bill requires that parents have access to their children's medical records until 18 years old.

Please email the senators.

### **LETS Barter! An experimenting in the Local Exchange and Trading System**

The Village Church, Swanzey NH

*Direct barter depends on both people having something the other wants and so often doesn't work. Local Exchange Trading Systems allow one to trade with a group by using something to represent the value of the thing wanted and making a trade. In the below cartoon, a piece of paper with 10 on it represents the value of the items wanted. By trading around the piece of paper, everyone gets what they need. At the end of the day, the piece of paper isn't needed anymore. Another way to look at it is that one is trading with a group rather than with an individual.*

## PERCEPTION MANAGEMENT

THE CURRENT EVENTS TAKING PLACE IN THE WORLD ARE  
DISTRACTIONS, MISS-DIRECTION AND DIALECTICS TO POLARIZE  
HUMANITY. THESE EVENTS ARE SIMPLY TO MANAGE YOUR  
PERCEPTION WITH THE ILLUSION OF CHANGE, TO INFLUENCE A  
BEHAVIORAL OUTCOME OR LACK THEREOF.

THE PHYSICAL WORLD IS THE MANIFESTED PLANE OF EFFECTS AND  
NO CHANGE CAN OCCUR HERE. THE MENTAL REALM IS THE CAUSAL  
PLANE AND ALL CHANGE OCCURS HERE.
