*Subscribe here (free): <https://riseupnh.org/get-involved/>*

Welcome to our **Friday News Edition** with curated news of the day and memes at bottom. The money system still dominates the headlines, with the end of US dollar hegemony (and Empire) and further developments of various CBDCs. Plus the latest in plandemic/vaxx news and research; the leaked Pentagon docs and US militarism; the CDC, the ADL, Elon and Substack, and the burgeoning Censorship Industrial Complex; the tranz culture wars; and much more. It seems that people are increasingly waking up and saying no to the neverending craziness of the bread-and-circus show that passes for mainstream culture, news, and governance. Soon, wakey-wakey will become shaky-shaky.

Some critical news first:

- Our dear friend, intrepid activist and energetic supporter **Gerhard Bedding** is reportedly close to death, according to his daughter, who is with him now. Our thoughts and prayers are with him and his family.
- Rise Up NH's **VCAL social organizing web platform** is being shut down at the end of the month due to scant use and ongoing costs.
- The film **Generation Zapped** on the dangers of EMFs will be shown free tomorrow (Saturday) at 11am at Keene Public Library. (more info in Events below)
- This **Monday's Zoom** will feature Marcus Casavant from the band **Route2Revolution**, which will be offering a concert on April 22 in Gilsum (more info in Events below)

Have a great weekend.

### Domestic Terrorism: "Our Government Fully Intends to Harm Its Citizens"

Zoologist Peter Daszak stated in 2015: "To increase the public understanding for the need for medical countermeasures, such as a Pan-Coronavirus vaccine, a key driver is the media, and the economics will follow the hype. We need to use that hype to our advantage to get to the real issues. Investors will respond if they see profit at the end of the process."

Dr. David Martin: "Does that sound like public health to you? That's an admission of domestic terrorism! That's not public health! 'Investors will respond if they see profit at the end of the process.' And we're sitting here pretending to go, 'Well, but they didn't really mean that.' No, they really did."
