

Newsletter - Monday May 15, 2023

Subscribe here (free): <https://riseupnh.org/get-involved/>

Welcome to our **Monday Solutions Edition** with curated news of the day and memes at bottom. In the wake of the breakdown of nearly all institutions of civil society, how do we go about constructing what will come after? Today we feature conversations around: the trinity of Beauty, Goodness and Truth; the Trivium of Logic, Grammar, and Rhetoric; the quadernity of Reason, Love, Faith, and Body; and other historically reliable first principles and practices for creating a functioning world. We also have some inspiration from Michael Beckwith on why we are in the midst of a great reset for humanity. In addition to legislative alerts and our weekly collection of prepping and gardening resources and events, today's newsletter offers scads of resources on health, including new takes on Vitamins D and E, the power of Autophagy in healing, Statin dangers, problems with Prozac and early cell phone usage for children, and much more.

Today's zoom chat at 1PM will be an open conversation on news of the day and on the question: *How do we keep ourselves inspired?*

Organic Produce in Acworth

- Garden access will be run as a P. M. A.
- The details are still being worked out and adjustments will be made as necessary, but the newly-established gardens will be planted this spring with a variety of vegetables. Some medicinal herb plant starts will be available as well.
- Initially either “pick your own” or order ahead to have produce ready for pick-up.

Events

Kensington Cell Tower Conversations - Wed May 17

The Kensington zoning and planning boards approved a cell tower at 184 South Road (Rt. 107). We were recently informed this is zoned residential, not commercial. On March 15, 2023, the zoning board also approved a variance that allows a cell tower to be installed in a residential zone at 70 Moulton Ridge Road. The current Kensington zoning ordinance article V section 5.1.5.2 does not allow this. For this and many other reasons, our concerned citizens group is contacting Kensington residents regarding the expansion of the telecommunication network in to residential and agricultural zones.

NH Legislation & Political Action

From RebuildNH:

Critical Bills Reach the House Floor

Take Action Today

The House will meet on May 18th to vote on the bills below. We are looking for volunteers to hand out fliers with our recommendations to the Reps as they enter for session on the morning on the 18th. Please respond if you are interested.

House Education

SB272, establishing a parents' bill of rights in education. SUPPORT OTP. OPPOSE All Floor Amendments. OPPOSE OTPA if any floor amendment passes.

There is at least one floor amendment proposed that will render this bill completely meaningless. Tell your representatives to oppose this amendment and pass the bill as sent over from the Senate. If a floor amendment passes, tell them to oppose the bill. We do not want them to pass a useless bill and taking credit for a bill that does nothing.

House Health and Human Services and Elderly Affairs

SB263, extending the New Hampshire granite advantage health care program and reestablishing the commission to evaluate the effectiveness and future of the New Hampshire granite advantage health care program.

OPPOSE OTP, SUPPORT ITL

This bill would make expanded Medicaid (ie Obamacare) permanent in NH. It comes to the floor without a recommendation. The first motion is Ought to Pass (OTP), and we are asking the representatives oppose this and support a motion of Inexpedient to Legislate (ITL). There will be numerous floor amendments offered to correct the problems in the bill.

Pulled off of the Consent Calendar

SB58, relative to arrests without a warrant while in the care of a medical professional on the premises of a residential care or health care facility.

OPPOSE OPTA

This bill needs to die. This bill lowers the threshold needed for warrantless arrest in medical facilities. As amended by the House, this bill is so vague that a person could be arrested for simply not consenting to medical treatment. This will lead to medical kidnappings and other potential abuses of power.

Please email your reps with these voting recommendations.

Find your reps here: <https://gencourt.state.nh.us/house/members/>

Foster Family Bill Success!

HB408, relative to foster children and vaccinations, has been voted ought to pass with amendment as we wished and placed on the consent calendar in the senate. This likely means the bill is headed to the Governor's desk very soon. Thanks to all of you who reached out and urged the legislators to pass this important piece of legislation.

Subject: RE: Weekly data mining

Hi David,

Thanks for sharing! I'm noting we're seeing a fair bit of "exposure by breast milk" – does that indicate an increase in reporting of this particular PT?

Also noting "off label use" and other indications of errors among children and teens, something we've observed in reviewing reports among kids 5-11 years.
(b)(5)

Am I seeing an uptick in "vaccine failure"? Wondering if that represents breakthrough infection...

Offhand musings as I wait for the coffee to kick in... Thanks!

**In 1986, Pharmaceutical manufacturers producing vaccines were freed from ALL liability resulting from vaccine injury or death by the Childhood Vaccine Injury Act.*

With this, vaccines became HIGHLY profitable. There are 271 vaccines in development and mandatory vaccine laws for children — and ADULTS — being pushed in most states.

**In 1986, Pharmaceutical manufacturers producing vaccines were freed from ALL liability resulting from vaccine injury or death by the Childhood Vaccine Injury Act.*

With this, vaccines became HIGHLY profitable. There are 271 vaccines in development and mandatory vaccine laws for children — and ADULTS — being pushed in most states.

The US gives 2-3x more vaccines to children than most developed countries, yet we have some of the highest rates of childhood issues that are NOT seen in other countries. Things like asthma, childhood diabetes, food allergies, childhood leukemia, developmental delays, tics, ADHD, autism, lupus, arthritis, eczema, epilepsy, Alzheimers, brain damage, etc... **It's NOT a coincidence.**

Vaccines contain toxic chemicals that do NOT belong in our bodies, such as aluminum (known to cause brain and developmental damage even in small doses) and formaldehyde (known to cause cancer in humans).

To wonder at beauty,
Stand guard over truth
Look up to the noble,
Resolve on the good.

This leadeth us truly
To purpose in living,
To right in our doing,
To peace in our feeling,
To light in our thinking.

And teaches us trust,
In the working of God,
In all that there is,
In the width of the world,
In the depth of the soul.

- Rudolf Steiner

Let's make the world a more pleasant place by remembering the

RULES OF CIVIL CONVERSATION

- 1 I will try to reach a shared understanding rather than 'win the argument'.
- 3 I shall endeavor to avoid committing logical fallacies in support of my claims.
- 5 I will also try to be reasonable, rational, and create coherent arguments.
- 7 I will use the 'Principle of Charity' to interpret others' points of view in the best light.

- 2 I will clarify with others to make sure I genuinely understand their perspective.
- 4 I will attempt to account for my own biases and try to be intellectually humble.
- 6 I may challenge ideas, but will refrain from personal attacks and mean-spiritedness.
- 8 I promise to remain genuinely receptive to changing my mind.
