Welcome to our **Friday News Edition** with curated news of the day and memes at bottom. Big news this week was the release of confidential Pfizer docs showing they knew of nearly 5M adverse reactions way back in July 2022 and before. GAME OVER! ... though how long it will take to filter through the "fog of war" remains to be seen. To help get normies over the line, RFK Jr has been dropping inconvenient truth bombs everywhere, most recently on Joe Rogan's show, where he detailed the vaccine industry's liability-free zone since 1986 and the concomitant rise of autism. While the wildfires continue to foment calls for immediate global(ist) climate change interventions, the inflammation over Trump's indictment, Biden Burisma bribery recordings, the weaponization of the FBI and DOJ, the FED's (in)actions on the economy, parental rights, continued vaccine rollouts, and Pride Month -- all are causing major social friction, most likely by design. We continue with our special coverage on the UFO/UAP/ET question, not because you need to believe or disbelieve, but because much of the deep black ops money and activity has been going into these area since the mid-1940's. With the electrogravitic and energy technology advantages this has provided to totally unaccountable dark groups, the likelihood of a false flag/savior event remains high. We recommend you watch the Disclosure Presser at National Press Club from this past Monday to hear some credible military whistleblowers.

On Monday's zoom we discussed the political situation and the bread-and-circus psyops currently on display. Watch here:

"Systems work by their own implacable rules. There are inputs and processes that generate outputs. It led to the writing of the epic bestseller *Communion* that changed the way the world thinks about this enigmatic experience. When he eventually realized that the experience could not be attributed to known factors, he began making an effort to recontact what he calls "the visitors." The response has been ongoing for the past thirty years, and has been chronicled in *Communion*, *Transformation*, *Majestic*, and *A New World*. Many people have encountered the visitors with Whitley, placing it among the most witnessed paranormal events in history.
