

Newsletter - Friday June 29, 2023

Welcome to our **Friday News Edition** with curated news of the day and memes at bottom.

Today is my final regular newsletter for Rise Up NH. As you may already know, I have accepted a position with Children's Health Defense and will be starting on Monday. It has been my honor and privilege to collaborate with all of you over the past three years. As I will be working from home, I will still be seeing folks in the region and around the state.

Others have indicated a willingness to offer less frequent and shorter newsletters, stay tuned. For now, our regular Monday Zoom chats have also come to a close.

Our community is strong and has many leaders who have stepped up to lead on a variety of issues, and I am confident they will continue to do so. Tag, you're it. :-)

We have come far in the past 3 years, as new groups came together around the state, nation and world to resist the creeping tyranny. Obviously, that work is far from over. It is as important as it ever was to declare our independence from those who would seek to bury our freedoms at their own whim.

More of us need to step up and voice our valid concerns, whether in the town halls, local newspapers, school board meetings, legislative hearings, or on social media. Silence is always interpreted as consent. But please do not respond with belligerence, either. Strength can be calm, focused, clear, and even inviting. A new, saner and more beautiful world is not only possible, it is necessary, and it is coming. Each of us is a herald and model for that world.

So let us declare our independence articulately, passionately and compassionately. Let our voices be heard. Let us sing our songs. Let our art be seen. Let our truth ring out.

In peace and possibility,

John-Michael

Are you interested in helping to create the Rise Up Newsletter going forward? (Can be much shorter and simpler than I usually offer).... If so, please contact John-Michael at admin@riseupnh.org.

SOVEREIGNTY NOTICE:

No one is telling you what to think or believe, or even what is true.

Articles and videos offered here do NOT imply any kind of imprimatur of truth or finality on the part of anyone in Rise Up NH, but are offered for consideration as partial perspectives towards gaining a fuller picture of what's so.

In general, we do not repeat the ubiquitous mainstream narratives, though most items reference these in their arguments.

Please do your own research, suspend final conclusions in favor of continuing research, ignore what doesn't ring true for you, and always make up your own mind.

COLLECTIVE SENSE-MAKING IS A PATH, NOT A DESTINATION.

PAY ATTENTION! Former WHO officer WARNS against Pandemic Treaty | Clayton and Natali Morris, Redacted News

The United Kingdom is holding parliamentary discussions about the World Health Organization's Pandemic Treaty, which would hand global powers over to the WHO in shockingly broad ways. Two experts testified last week warning about this. One, Dr. David Bell, an ex-WHO officer, outlined how this could reshape health policies in WHO member states in a major way. Updated drafts of the WHO Pandemic Treaty are due this summer. In the U.S., few politicians are raising alarm about this.

Pregnant women at St Mary's hospital in Manchester were **coerced** into receiving mRNA COVID vaccines, as part of a undeclared research study.

@MENnewsdesk - This FOI was initially refused.

If there was no active and documented consent to join this study, nor any ethics approval, all the people that were involved may have committed crimes.

If you're confused by why victim mentality is so attractive:

- 1/ It provides a permanent alibi for personal failures
- 2/ It attracts attention
- 3/ It generates sympathy
- 4/ It acts as a 'social currency' with likeminded people
- 5/ It disguises negative traits & actions as virtues

Everybody is going
to get one..

The Bad News:
For some it'll
